Sir:

REQUEST FOR CORRECTED RECEIPT

RE: FILING DATE

The subject application was submitted pursuant to the Express Mail Procedure of 37 CFR 1.10. The application was deposited with the United States Postal Service (USPS) in an Express Mail envelope with sufficient postage for Express Mailing on September 26, 2001 pursuant to 37 CFR 1.10, but the returned postcard and official filing receipt (copies enclosed) indicate that the United States Patent and Trademark Office (USPTO) considered the filing date to be September 27, 2001.

Enclosed is a copy of the new application transmittal letter from our files. The new application transmittal letter contains a Certification of Express Mailing Date under 37 CFR 1.10 and proper reference to Express Mail Label Number EL896635217US as required by Section 1.10. This information is also contained in the files of the United States Patent and Trademark Office.

Cheryl Liang, the person mailing the papers pursuant to 37 CFR 1.10, has signed a verified statement that the new application was deposited with the USPS in an Express Mail envelope with sufficient postage for Express Mailing on September 26, 2001. The

signed verified statement signed by Cheryl Liang is attached.

Also enclosed is a letter from Phil Cascio, a manager of the USPS, indicating that September 26, 2001 is the correct "sign in" date. Attached to the letter are copies of the Express Mail Label Number EL896635217US returned from the USPS and PS Form 5541. It should be noted that the "sign in" clerk at the USPS inadvertently indicated the "date in" to be September 27, 2001, instead of September 26, 2001. However, it is apparent from the enclosed letter from USPS manager Phil Cascio and the enclosed PS Form 5541 that September 26, 2001 is the correct "sign in" date.

Applicant has complied with the requirements of 37 CFR 1.10 and is entitled to a filing date of September 26, 2001. Therefore, please update all of the records in the USPTO to indicate that the filing date of the above-identified application September 26, 2001; and please advise us in writing that the USPTO considers

September 26, 2001

to be the filing date of the above-identified U.S. application.

The Commissioner is authorized to charge any additional fees which may be required or credit overpayment to deposit account no. 12-0415.

Respectfully submitted

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

To whom it may concern

On September 26, 2001, we, the U.S. Postal Service picked up Express Mail item #EL896635217US from our customer, Ladas & Parry. Regrettably, we mishandled this item and it entered our mailstream on September 27, 2001, a complete day later. Clearly the U.S. Postal Service is responsible for this unfortunate incident, not the sender.

Please accept this letter and copy of the Pickup Service Statement, PS Form 5541, as irrefutable documentation that our customer mailed this item on September 26, 2001.

Phil Cascio
